Dresden, 16th of July 2012

Hauptstraße 25

01097 Dresden

This recommendation is given to **Uliana Andriieshyna**, born 3rd of October 1987 in Kherson, after she has successfully finished her internship at the software documentation company – sodocu UG from 1st of November 2011 to 30th of April 2012.

The services of sodocu UG are creation and maintenance of software documentation. Besides the development of manuals for computer software, we also create and generate online helps and accompanying documents.

Uliana was acquainted with a completely new product for her – SharePoint 2010, which was introduced as a collaboration platform by our customer. Firstly, it was necessary to create a meaningful structure for documents and files from all over the company. The other main task was to transfer that data from multiple sources into a single structure that was implemented to provide convenience and efficiency of data retrieval system.

To solve this task, it was necessary to study SharePoint's Administrator Manuals and to deeply understand how the document management in SharePoint works.

Uliana solved this task independently to a large extent. She showed high organizational skills, with quick-learning abilities and perfect collaboration ability to work in team.

She has good practical skills and work experience in distributed web-services, web-technologies, and good knowledge in IT products. Uliana is very active, responsible and executive person.

We believe that the participation in the internship program helped Uliana to improve her knowledge and professional skills. In return, her work was also a valuable contribution to solving the part of the tasks of our company.
